

Portable Solar Foldable Panel

Model: FSP150W

Product Introduction

Portable solar panels are the perfect solution for those who love the outdoors and want to stay connected. Foldable and portable solar panels are lightweight, compact, and easy to carry, making them ideal for camping, hiking, and other outdoor activities. With its high-efficiency solar cells, it can charge your devices quickly and efficiently, even in low light conditions. They are built to last, with a durable and weather-resistant design that can withstand the toughest conditions.

Features

- © High-efficiency solar cells
- © Lightweight and compact design
- © Weather-resistant and durable
- © USB output for charging devices
- © Built-in kickstand for optimal positioning
- © Stay connected and powered up while on the go
- © Reduce your carbon footprint by using renewable energy
- © Perfect for outdoor enthusiasts and adventurers

Integrated Solution, Better Living

Specification

Power	150W
Folding Size	550*625*40mm
Deployment Size	1650*625*25mm
Surface Material	ETFE
Voltage at Pmax	18V
Current at Pmax	8.33A
Open Circuit Voltage	21.6V
Short Circuit Current	9.02A
